

NUMEROUS VACANCIES AT CUSTOMS AND BORDER PROTECTION (CBP): WE WANT YOU!!!

Customs and Border Protection's Office of Trade ([Trade | U.S. Customs and Border Protection \(cbp.gov\)](#)) is looking to immediately transfer any qualified* and interested current GS12/13s with Veteran Preference or Schedule A for a non- competitive permanent appointment.

We are seeking auditors interested in hitting the ground running in the areas of international trade, data analytics, forced labor investigations, cryptocurrency and importer/industry product audits.

***Qualified federal employees who are current 0511/0510 series (must have 24 credits of accounting/audit documented on your transcript) or 0340 Program Manager/Analyst AND GS13.**

Individuals without veteran preference or Schedule A should still contact us, if interested in supporting this mission.

Anyone with the qualifications, but not currently a federal employee---please send your resume & transcripts as well. The CBP background investigation process is extensive, but qualified candidates will be added to the hiring pipeline, which is a slower process.

We have locations nationwide and at DC Headquarters. Being located in DC is not a requirement. Relocation NOT PAID.

Please send resumes and any questions to:

Kelli M. Johnson

Branch Chief

U.S. Customs and
Border Protection

Office of Trade

Regulatory Audit

Regulatory Audit Systems and Innovation Division
